## Motter Avenue Bridge Project

### Construction Update

October 15, 2013

Crews pour the concrete bridge deck (driving surface) for the new portion of the Motter Avenue bridge over US 15. (October 9, 2013)

Please drive carefully through the work zone and beyond:

- Observe new signs and flaggers during lane closures.
- Watch for construction equipment and working crews.
- Automated speed enforcement is in place on US 15. The speed limit is 55 mph.

Crews load concrete into a pump truck in preparation to pour the bridge deck. (October 9, 2013)

#### Recent Accomplishments:

1. Crews have poured the concrete deck (driving surface) for the new Motter Avenue bridge over US 15 (pictured at left).
2. Crews have installed and activated new traffic signals at the intersection of Motter Avenue with the southbound US 15 ramp and at the intersection of Motter Avenue with the Rose Hill Plaza entrance.
3. Crews have poured concrete for sections of the new retaining walls along the north side of Opossumtown Pike.
4. Crews have been grading (leveling the ground) in preparation to install new curb and gutter at the intersection of Heather Ridge Drive and Opossumtown Pike.

#### Upcoming work schedule:

1. Crews will continue installing storm drain structures along Opossumtown Pike.
2. Crews will continue work on traffic signals and pedestrian signal poles.
3. Crews will continue working on retaining walls along Opossumtown Pike.

On behalf of Maryland State Highway Administration (SHA), I would like to thank you for your cooperation and patience. Please drive with caution through our work zone.

David James, Project Engineer

Maryland State Highway Administration
